

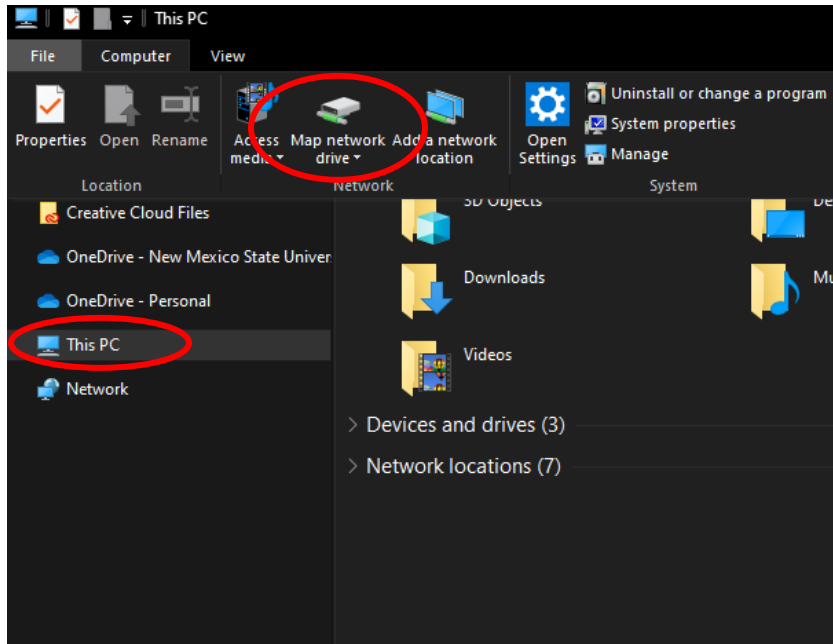

## Mapping a Drive

1. Open file explorer from the taskbar or using the hot key Windows logo key + E.
2. Select "This PC" and click on the "Computer Tab", select "Map Network Drive"

3. Select any Drive Letter > then type in the path of the drive [\\acn.ad.nmsu.edu\coe\shares](https://acn.ad.nmsu.edu/coe/shares) or [\\collegeit-fs01\shares\\$](https://collegeit-fs01/shares$) > then connect using different credentials

### What network folder would you like to map?

Specify the drive letter for the connection and the folder that you want to connect to:

Drive:

Folder:

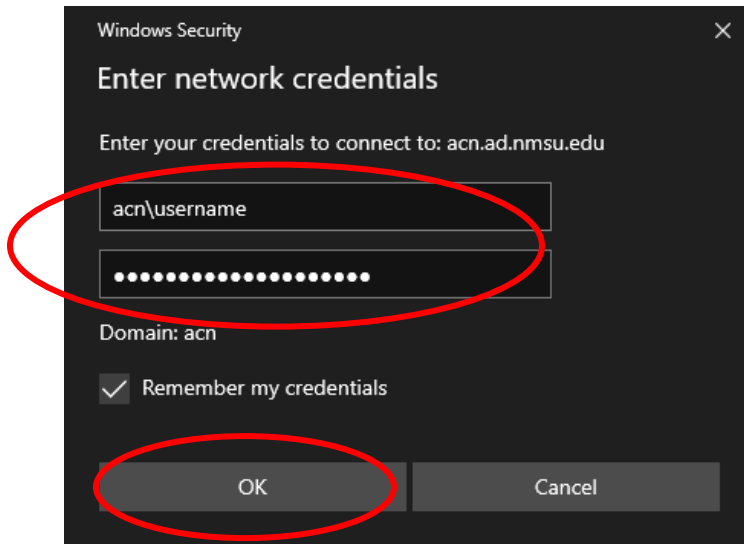

Example: \\server\share

Reconnect at sign-in

**Connect using different credentials**

[Connect to a Web site that you can use to store your documents and pictures.](#)

4. Enter your Mynmsu credentials, make sure to enter our domain name before your username "acn\" > click "ok"

You should now be connected to the mapped drive
